General Information:

- All charges and deposits are payable upon application.
- All deposits are based on expected reasonable costs relative to the estimated value of work.
- In relation to deposits (minimum charges) paid for any matter detailed, there shall be no obligation on the Council to perform any action until the appropriate charges are paid in full.
- Charges may be reduced proportionally for consent elements certified by a building certifier or by way of a producer statement.
- Currently hourly rate for extra processing - \$104. Where it is necessary to seek engineering examination of plans and specifications in respect to ground stability, structural design and fire safety the additional cost of such consultation will be passed on to the applicant.
- Should reinspections and inspections in addition to those notified with the building consent be required they will be charged at a rate of \$104 per inspection.

2.3 Additional Charges

2.3.1 Reserve Contributions

A charge of \$486 will be payable for each dwelling house, or additional dwelling unit in multi-unit development, consented to under the Building Act in all cases where no charge has previously been levied.

The assumption can be made that a charge has already been levied if the legal description includes a Deeds Plan reference higher than:

- Former Boroughs DP 8000 or after January 1954
- Former Counties DP 10000 or after January 1961

Properties with a conventional legal description comprising Section number, Blk number or a DP less than 8,000 or 10,000 respectively will attract the levy unless the applicant produces a survey plan confirming that the date of council's endorsement is earlier than January 1954 or January 1961 respectively.

These contributions will be used for the acquisition, improvement and development of recreational facilities throughout the district.

2.3.2 Building Research Levy (Not subject to GST)

Building Research Levy is payable on values of \$20,000 or more at a rate of \$1.00 per \$1,000 or part thereof, on the total value of the contract. The **total value includes** plumbing and drainage work and is always taken to the next \$1,000.

41. WATER ANALYSIS

- Bacteriological, chemical Actual Cost

42. WATER SUPPLY (RURAL)

- Financial Contribution (See formula below)
- Administration Charge - Application Fee 151.00
- Engineering and Installation Costs (plant, labour, materials) Actual Cost

Financial Contribution for new consumers and additional over-design supplies, to apply where a property is not connected to the scheme and has a design capacity allocated to it but no corresponding financial contribution has been paid. The contribution to be levied is to be for no less than the design capacity allocated to the property, Or a property that has previously paid a financial contribution and has been given a corresponding allocation now seeks an increased supply in excess of that allocation. Provided it is possible to supply the additional water, the contribution is to be levied on each unit approved above the allocation.

The base financial contribution shall be calculated by multiplying the Property Area by the Scheme Factor except where otherwise indicated (see below). Residential/lifestyle properties may attract an increased charge. **The minimum charge shall be for a 2-unit supply.** Financial Contributions levied will be in addition to any cost of additional capital works required to make the connection or provide the supply. Payment of the financial contribution is required prior to the supply being made. In each case the contribution and any entitlement created by it is to attach to the land.

In particular cases, financial contributions may be amended by resolution of the Rural Water Scheme Committee.

Scheme	Scheme Factor	Cost/Unit
	\$	\$
Balmoral One	34.26	510.00
Balmoral Two	35.26	509.00
Clydevale - Pomahaka	(ii)	1,070.00
Glenkenich	24.68	353.00
Moa Flat	21.04	306.00
North Bruce	39.70	684.00
North Bruce		residential / lifestyle (i) 2,736.00
Richardson	(ii)	farm connection (base charge) 1,035.00
Richardson		residential / lifestyle (i) 3,061.00
South Bruce	22.44	farm connection (base charge) 330.00
South Bruce		Residential / lifestyle (i) 1,320.00
Tuapeka	22.65	332.00
Wangaloa	32.50	484.00
Waipahi	(ii)	942.00

Scheme Factor = $((BV-OL) \times 0.25) / SC \times 0.065 + GST$

Where: BV = Book Value. OL = outstanding loans and SC = scheme capacity.

(i) For properties less than 30 ha

(ii) For the Richardson, Clydevale-Pomahaka and Waipahi Schemes the following contribution will respectively apply:

The contribution shall be five times the current unit rate for the Richardson scheme and three times the current unit rate for the Clydevale-Pomahaka scheme and three times the current unit rate for the Waipahi scheme per unit of additional supply.

UNAUTHORISED WATER USE

Under provisions of the CDC Water Supply Bylaw, unauthorised use of water on rural schemes will be charged for at the estimated maximum unauthorised usage rate multiplied by the annual scheme unit charge, multiplied by the estimated period in years of unauthorised use (minimum 1 year). Additional to the estimated charge for water used, an administration charge of \$281.25, plus the actual costs to remedy unauthorised fittings and of follow-up re-inspection, will also be payable by the offender.

Example: If a 2-unit restrictor is found drilled out to supply 18 units, typical charges will be:

16 (units stolen) x \$166.40 (scheme unit charge) + \$250 (admin) + GST = \$3,349.26 + actual remedial and re-inspection costs.

SUBDIVISION

The property owner at the time of subdivision shall be liable for all costs required to provide the minimum water allocation to each lot.

43. WATER SUPPLY (URBAN)

43.1 Urban Water Connection Fees

- Financial Contribution (See formula below)
- Administration Charge - Application Fee 151.00
- Engineering and Installation Costs (plant, labour, materials) Actual Cost

For a **new single connection inside** the scheme area, where the property has paid a previous financial contribution, or has been paying a half rate charge for more than the five previous years, the Financial Contribution is not required but the other costs shown are payable. Where the property has been paying a half rate charge for less than the five previous years, the Financial Contribution shown shall be reduced pro-rata i.e. discounted 20% per year of half rate payment.

The Financial Contribution and other costs shown are payable for **new connections outside** the Scheme area, and **additional connections** inside the Scheme area, where no previous financial contribution or half rate charge has been paid. Where intensification occurs, each self-contained habitable unit is deemed to be a separate connection for fees and rating purposes.

For commercial premises (including residential premises converting to commercial) and for extraordinary connections (outside the Scheme area) a metered connection will be installed, for which the applicant shall be charged Actual Cost additional to all other relevant fees and charges.

Scheme	Financial Contributions
	\$ / Unit
Balclutha	1,290.00
Benhar	4,148.00
Clinton (incl. Pomahaka Contribution)	2,304.00

Stirling & Cherry Lane	1,594.00
Tapanui	1,344.00
Waiholā (incl. North Bruce Contribution)	4,315.00

Formula for FC = $\frac{(BV-OL) \times 0.6 \times 2}{(NC \times 2) + NN} + GST$

Where: BV = Book Value. OL = outstanding loans, NC = number connected, NN = number not connected and FC = financial contribution.
