CLUTHA DISTRICT COUNCIL DUST SUPPRESSION ON UNSEALED ROADS POLICY

OBJECTIVE To reduce the impact of dust raised from unsealed roads by traffic during summer on residences close to the roads.

POLICY 1

- 1.1** Upon application, Council will apply a dust suppressant to the frontage of properties on unsealed roads affected by dust raised by traffic once per annum in accordance with this Policy.
- 1.2** Where the length to be treated includes the frontage of another dwelling, the written consent of the owner or occupier of that dwelling shall be obtained by the applicant.
- 1.3** Dust suppressant will be applied only to frontages where the dwelling is within 100m of the road.
- 1.4** Dust suppressant will be applied for a length of 100m on the frontage adjacent to the dwelling. An additional 100 m will be applied if requested by the applicant to a maximum treated length of 200 m.
- 1.5** Applications must be made in writing by property owners or occupiers and must reach the Council's offices by the close of business on 4 October each year or the next business day if that day be a Saturday, Sunday or public holiday.
- 1.6** Dust suppression will be done initially in November or December each year with a follow-up treatment in January – February the following year if necessary.
- 1.7** On roads with speed limits greater than 50 km/hr, treated surfaces must be clearly visible to approaching traffic from 150 metres.
- 1.8** A fee of \$77.00 inclusive of GST and is payable by the applicant with each application for the first 100 m. Where the applicant requests an additional length over 100 m to a maximum of 200 m in total an additional fee of \$95 inclusive of GST is payable for any length over 100 m. This will be refunded if the work is not completed.

POLICY 2

- 2.1** Where a property owner or occupier does not meet the requirements of Policy 1, the application of waste oil or other suitable similar material by the owner or occupier at his or her cost will be permitted. This is limited to unsealed roads for the purpose of suppressing dust during summer weather conditions and is subject to the conditions below.
- 2.2** A written application being made to Council.
- 2.3** Where the length to be treated includes the frontage of another dwelling, the written consent of the owner or occupier of that dwelling shall be obtained by the applicant.
- 2.4** No person shall apply any dust suppressant when the road surface is wet, or when wet weather is immediately threatened.
- 2.5** The applicant shall be totally responsible for any damage to public or private property which may arise from application of the dust suppressant agent. The applicant shall arrange and keep in force Public Liability Insurance to protect their liability for damage to third parties.
- 2.6** On roads with speed limits greater than 50km/hr, treated surfaces shall be clearly visible to approaching traffic from 150m.
- 2.7** The applicant is to comply with the requirements of the Regional Plan Waste, rule 6.62 below.

Rule 6.6.2 Discharge of Oil or Substances Containing Oil (Permitted Activity) provided that;

- a) The dust suppressant has a lead concentration less than 100mg/l; and
- b) The dust suppressant is to be applied to the road at a rate and in a manner whereby there is no observed run-off or ponding from off the surface of the road.
