Policy on Freedom Camping

Purpose

The Clutha District welcomes “free independent travellers”. This policy is intended to allow this form of tourism and recreation to continue, but provide some protection to minimise littering and dumping of toilet wastes.

Policy

1. Freedom Camping may only be carried out in mobile vehicles fitted with a minimum three day capacity toilet and greywater storage facility. Freedom Camping in vehicles which do not have such facilities, or tenting or sleeping outdoors, is not permitted.
2. Freedom Camping in a self-contained vehicle may occur on any Council controlled public land, except land stated in Schedule 1, for a maximum of two nights in any calendar month at any single location. This might include roadside parking spaces, public reserves, beaches, lakes and rivers.
3. Toilet waste and greywater must be disposed of to a Council approved dump point (See Schedule 2).
4. All refuse must be disposed of to an approved litter bin, skip service or landfill.
5. All Freedom Camping sites must be left in a clean and tidy state.
6. Freedom Campers must comply with any request to move on by any Authorised Officer.

SCHEDULE 1: PROHIBITED AREAS

- Public places in any urban area. This includes: Balclutha, Clinton, Kaitangata, Kaka Point, Lawrence, Milton, Owaka, Papatowai, Pounawea, Stirling, Taieri Mouth, Tapanui and Waihola. This prohibition does not apply to any signposted designated freedom camping sites within those urban areas.

Procedures

This policy is given effect by:

- Enacting a Bylaw which gives legal force to the policy.
- Providing pamphlets for visitors which outline the policy, providing location maps for camping grounds, toilets, dump points and litter disposal, and also give more general tourist information.
- Providing information about the policy through Service Centres, Information Centres and websites.
- Placing signage (within existing budgets and work programmes) advising of freedom camping restrictions.
- Informing local residents close to popular freedom camping areas of the policy, so that they can advise campers appropriately.
- Authorised Officers requesting campers to move on where they are not complying with the Policy, on occasions where there are significant problems at a particular site.

Council will not be regularly policing this policy, as it does not have the staff nor resources to do so throughout the district. It will mostly rely on informing visitors and residents to encourage compliance, although legal backing will be in place through the Bylaw when required.

It is noted that there are also existing legal controls on littering and dumping of toilet wastes, which can be used in conjunction with this policy.
