Definition: A Stock Crossing is a surface installation at a specific site approved by Council for the purpose of moving stock across a road or road reserve. It is not a Stock Underpass.

Note: The applicant must complete and return with the permit the attached indemnity form, a site plan showing the location of the crossing and signs with dimensions.
Conditions for cleaning of the stock crossing may be imposed upon the applicant under this permit. Council may give permission for the crossing to be constructed of concrete to allow cleaning or allow the use of a removable cover to keep the roadway clean.
