

Something new is on the horizon

Clutha District Libraries is changing to a new system

From **19–25 August**, we'll be making some behind the scenes changes to upgrade our library system and while we'll be working 'offline' for a short time, we're still here for you!

During this time:

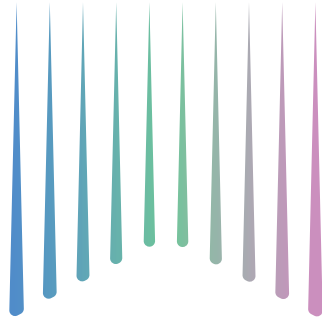

- **You can still borrow items** – bring your physical library card with you
- **No returns or holds** (but no overdue fees, either!)
- Digital services like **Libby** and **BorrowBox** may be affected but our staff can help!

The new system will go live **Tuesday, 26 August**, offering our community better features, a smoother experience, and even more great library services.
