

Applying for a Special Licence - general information

When is a Special Licence needed?

You will require a Special Licence for any function or event where alcohol will be sold either over a bar, by a ticket system or where the cost of the alcohol is included in the pre-sold ticket price. The person or group receiving the profits from the sale of alcohol must apply for the licence. A Special Licence allows events or functions to be held in unlicensed areas or in licensed premises outside the conditions of the alcohol licence.

You'll also need a special licence if the event is:

- at a venue with a club licence but you are expecting non-club members to attend the event and drink alcohol there.
- outside the hours or area authorised in an existing on-licence or club licence.
- being held in an unlicensed premises or area.

We cannot issue a special licence for a BYO event.

You do not need a special licence when:

- you are supplying alcohol to your guests in your own private residence.
- your guests are bringing alcohol to your own private residence.

Types of special licence

There are two types of special licence:

- **An on-site special licence** allows you to sell and supply alcohol for people to drink at the place where the event is being held (including on a bus, train, ferry or other vehicle).
- **An off-site special licence** allows you to sell alcohol for people to take and drink somewhere else, including small tastings at the event site. It can only be issued to manufacturers, distributors, importers or wholesalers of the alcohol being sold.

Are there any restrictions on the type of event that can be applied for?

Yes. The reporting agency would be likely to oppose any event for the purpose of trading when the legislation otherwise requires the premises to be closed (e.g. Christmas day).

What do I need to provide with my completed application form and fee?

A plan of the layout of the premises that clearly shows:

- where alcohol is proposed to be sold and/or supplied
- location of food stalls
- tables/seating layout
- stage
- place of safety
- any children's area
- smoking area
- what part of the premises is to be used and/or a designated
- any other information that may assist the reporting agencies to assess the application.
- A detailed timeline or programme detailing how the event will run.
- A copy of any ticket, invitation, poster or promotional material used to promote the event.
- If you do not own the premises, written approval of the property owner (there is an area in the application form for property owners to sign).

Clutha District Council

What if bad weather postpones the event?

You can still operate under the Special Licence on the day the event is postponed to. You just need to notify the District Licensing Committee of the new date prior to the event.

Does the nominated manager need to be present during the event or hold a manager's certificate?

The appointed manager for the event must be there during the event. Whether the manager requires a manager's certificate depends on the nature of the event. Generally, events with more than 250 people, or at a hotel or tavern, will require a manager who holds a manager's certificate. For other events, the committee may only require the holder of a manager's certificate to be on duty at high-risk events, this is determined on a case-by-case basis.

Can I use any tent or building to host my event?

Please contact the council's building control department if you plan to use a tent or marquee with a floor area exceeding 100m², as a building consent may be required. They will also help with advice on Building Act compliance if you propose to use a building not designed as a place of public assembly (for example an empty building or shed). You may also need to obtain comment from Fire and Emergency NZ.

Are there any restrictions on the type of event that can be applied for?

Yes, examples that are likely to be opposed by the reporting agencies are any event where the principal purpose is the consumption of alcohol, or a contrived event for the purpose of trading when the legislation otherwise requires the premises to be closed (for example Christmas day).

Fees

Fees vary depending on the number of events on the application and on the number of people attending. The fees are set by the Ministry of Justice. The calculation of patronage is determined by the total number of patrons attending the event or expected over all the days of the event.

Class 1: \$575 1 event with over 401 persons; or
4 or more events of 100-400 persons; or
13 or more events of less than 100 persons

Class 2: \$207 1 to 3 events of 100-400 persons; or
3 to 12 events of less than 100 persons

Class 3: \$63.25 1 or 2 events of less than 100 persons

If you need help in calculating the fee, please contact our licensing team. Fees must accompany the application form.

What is an event or series of events?

For the purpose of fee calculation one event for a Special Licence is:

- an occasion or a gathering which takes place without a break; or
- a series of occasions or gatherings which take place and are the same in appearance, form and substance on all of the days (e.g., a sports tournament or a food and wine show over several days).

Late applications

If you submit an application less than 20 working days before your event, you must have a reasonable explanation. The District Licensing Committee will decide if the application can be processed. If this is not accepted, a refund will not be issued.

A 'working day' does not include weekends, statutory holidays or any day between 20 December and 15 January inclusive. The earlier the application is received the better.

Clutha District Council

Who reports on applications?

Applications are referred to the Police, Licensing Inspector and Medical Officer of Health for consideration. They may require further details or want to meet you about your application.

How are special licences granted?

Under the Sale and Supply of Alcohol Act 2012, the District Licensing Committee (DLC) considers all special licence applications. Usually, the DLC chairperson will consider and make a decision “on the papers”. In some cases, the committee might need to hold a public hearing.
