

Hina Hina Bridge Replacement

Notice to residents

Dear residents,

On Monday 31st of August 2020 Hinahina Bridge will close to the public to enable work to begin on the replacement structure. This closure will be in place until July 2021. (Detour shown overleaf)

What to expect?

- *September- Site clearance works and reconstruction of the causeway on the southern side of the bridge*
- *October- Piling works- installation 20m deep reinforced concrete piles, using the existing structure as staging*
- *November- Demolition of the existing bridge from North to south in stages*
- *Construction of the new bridge from North to south in 5 stages*
- *Working hours will be from 7am to 7pm Monday- Saturday, with work on Sundays required during critical operations*
