

POLICY ON BIODIVERSITY FUNDING		ACTIVITY GROUP:	REGULATORY SERVICES
Policy Type:	Council		
Approved by:	Council		
Department:	Regulatory Services		
Date Approved:	28 October 2021	Next Review Date:	28 October 2023
Relevant Legislation:	Local Government Act 2002 Resource Management Act 1991		
Clutha District Council Documents referenced:	Clutha District Plan Clutha District Council Long Term Plan Clutha District Council Annual Plan		

PURPOSE

The purpose of this fund is to maintain and enhance a network of viable habitats and ecosystems in the Clutha District by encouraging and supporting landowners who are committed to protecting, enhancing and managing indigenous biodiversity

DEFINITIONS

Biodiversity	The variability among living organisms, and the ecological complexes of which they are a part, including diversity within species, between species, and of ecosystems.
Ecosystems	A place where plants and animals are dependent upon one another-and their particular surroundings-for survival

POLICY

1. Council may approve funding providing the following criteria are met:
 - 1.1 Funding is available on a cost share basis, with the fund providing up to 50% of the total project costs (excluding GST and recognising reasonable “in kind” or labour costs invested by the applicant).
 - 1.2 Funding can be provided for any activities that will protect or enhance biodiversity, including but not limited to fencing, planting, pest control and weed control.
 - 1.3 Preference will be given to projects which protect or enhance:
 - Biodiversity values that are covered by the Government’s “National Priorities for Protecting Rare and Threatened Native Biodiversity on Private Land 2007”.
 - Sites which are contained in the Clutha District Plan’s Table 13.5 Significant Wetlands or Table 13.8 Areas of Significant Habitat of Indigenous Fauna (or successors to those Tables following District Plan review).
 - Sites which were Recommended Areas for Protection by the Department of Conservation but do not yet have protection through land ownership, a covenant or the District Plan.

2. Funding will only be provided where the biodiversity values involved will be protected by either a protective covenant registered on the land title, or by a rule in the Clutha District Plan.
3. Funding will be allocated by the Group Manager Planning and Regulatory.
4. Funding will generally not be provided for activities that are required to be undertaken.
5. The application form must be completed and must identify:
 - Description of the project/activity.
 - How it contributes to the maintenance and enhancement of biodiversity values in the Clutha District.
 - Total cost of project/activity.
 - Contributions, if any, by applicant or other organisations.
6. Applications must be accompanied by:
 - Site Plan
 - Photographs of the project area
 - Quotes for any work proposed
 - Assessment of the significant values of the site that has been undertaken
 - Any other supporting material or information that may be useful in considering the application
