

Clutha District Council  
Bruce Ward  
Electing 3 Councillors

---

**Bruce Peter VOLLWEILER**

My principal place of residence is in the Bruce Ward area.

I am 64 years old. My wife, Karen, and I live and farm at Circle Hill, northwest of Milton.

I have been a councillor for this Ward for the last 18 years.

Been involved in many local organisations, including school PTAs and BOTs and Milton Community Health Trust; presently on the boards of Tokomairiro Waiora and Tokomairiro Recreation Centre. I also maintain contact with other community groups, including Waiholā and Taieri Mouth. Being available to listen to residents' concerns and take these to Council is important to me, and explaining Council decisions to the community.

I see Council's key role as delivering good infrastructure and services with fair, affordable rates.

However, to keep viable services (and rates) we need to retain existing businesses and people, attract new enterprises and grow our population.

I support Council taking a lead facilitating this, as long as not imposing greater costs on existing ratepayers.
