

Clutha District Council
Lawrence-Tuapeka Ward
Electing 1 Councillor

Mel FOSTER

My principal place of residence is in the Lawrence-Tuapeka Ward area. I am also standing for Lawrence-Tuapeka Community Board.

I was on LTCB last term where I believe I made a solid contribution and also play an active role through various local community groups.

The next three years will be critical for the Tuapeka district as we commit to projects through the Community Plan and prepare ourselves for the trail extension.

I believe my strengths lie in my commercial acumen, communication and networking skills which have been developed over many years working for a variety of businesses and now put me in good stead to be able to contribute towards the long-term goals of the district.

I will listen and learn about the issues facing the district, use common sense and most importantly of all, communicate.

I would be honoured to be the community's representative at Council to assist with the concerns of residents and to help initiate key projects, both for Tuapeka and the Clutha region.
