

Clutha District Council
Bruce Ward
Electing 3 Councillors

Paul HANLON

My principal place of residence is not in the Bruce Ward area. I am also standing for Clutha Health Trust.

I stand for prosperity in Clutha.

Encouraging co-operation between local government and communities.

Working to identify and maximise the new opportunities our region is being presented with.

The role of a councillor is of governance ensuring that the executive council manage resources effectively, a role to which I am well suited.

I have over my career been involved in business at senior management level, heading restructuring projects and managing changes in technological and people processes.

I've served in the armed forces and with organisations such as: NZRSA, JCI and Lions holding executive positions with all. I now look forward to serving you the residents of Clutha.

Let's work together creating a place that future generations will look back on and say they got it right!

I will listen to you and strive to take your ideas forward.
