How about you?

Our Place Catlins - Consultation Caravan

Council is developing the Our Place Catlins Community Plan. This will establish how we work with groups and the community to make things happen, and make The Catlins a more attractive place to live and work.

We will be out and about in The Catlins in January – gathering feedback from locals and visitors to help inform this plan. You won't miss us in our retro-style caravan and classic car! Come along to one of these locations, to talk with Council staff and Councillors about your ideas and suggestions for The Catlins.
